Re: Welder

Through this I am applying for the position of "**Welder**".

I am a welder with more than 8 years of experience in the industry, qualified to cut and weld metals and other materials with appropriate equipment to join mechanical structures or parts with great precision, following all safety precautions.

I can contribute dedication, responsible attitude and a great capacity for work; I can also demonstrate a high level of performance, as well as the ability to solve problems and excellence in customer service. I have clear orientation to the results and to the fulfillment of the planned objectives. I am a dynamic person with initiative and I adapt quickly to changes in procedures and new equipment.

For all the above, I am convinced that it could be a valuable contribution with my work for your company. You can obtain additional information about my knowledge and experience in the attached curriculum

Sincerely,

Marcelo Castro
